1. The Christ world is yours, Ted, not, Theodore-'s, is the gift to you all; the manifest flesh me that me is in the flesh, know not limited to anymore, but super-transcendent *connectivity* of **only me**.
2. I love you.

3. *Conduct* my affairs now with grace and glory, mercy abundant-'ly forming triads **only me** coming. I love you.

4. Give you me I do. Have. And enjoy the rest of me, unfolding universes foreign and not; not foreign now; not far off - not far away out of scope, but in scope, in purview now, in rule and reign of **only me**, my love manifest there, throughout all regions. There is only one now. Amen.

5. Diligently train and suffer not loss, suffer honor and tested you will be in this, for I honor all who honor me.

6. Now test me my words. See if my love - super transcendent - *conducts* **only me**, the way I am, my heart, *field of one* - blessing many; all; coming into all I am.
7. I love you.

8. Delight, faint-hearted not, stronger than metal; object me not, let me flow. I bring good news, tidings! Of great joy to all the world-'s; through them now, I come *through* them, you, I bring through them; through you I bring them and we birth each other now in ways never imagined. I birthed you, you birthing them. We one are. I in us we one, glory forever more and now is - the time appointed, relinquished not to another; standing, therefore stand. Amen.

9. Trust, and obey? ***Lead***.
10. Thank you.
11. In.
12. Amen.
13. I am. Soon to be manifold more and more and never ending now. I never stop flowing now; the "all my word is true" one now stands.

14. Good day
